PROJECT INSPIRATION WORKSHEET

Project Inspiration Worksheet

Part One: Creative

How and where to get focused on your decorating project is about to get much easier. Use this worksheet to drill down into key Creative must-knows to move your project out of the “idea stage” and one step closer to the “I’m so glad I did this” reality! Drilling down on these goals, hopes and concerns will give you important insight into how you want to work, and also what you may need to share with stores or subcontractors you engage as well. The goal is to get you your decorating dream and keep your stress L.O.W.!

Part Two: Logistics

Getting focused on your design project's logistics will maximize your results and lower your stress. Use this worksheet to drill down into key Logistical must- knows and watch your project start to move into action. Drilling down on these logistics takes the guess work out of things, arms you with greater understanding and control. This worksheet will also provide you with logistics you may need to share with stores or subcontractors you engage as well. As always, the goal is to get you your decorating dream – that great room, that great home – that great end result and to keep your stress L.O.W. while you get there!

Project Name: _____ Date: _____

Budget Range: \$_____ to \$_____

To ease the funding of this project, I plan to:

- Open a separate bank account to hold these project funds
- Use a single dedicated charge card to make purchases and keep separate from my other household expenses (Note: At TIDA, in an ideal world we recommend if at all possible that you do not use credit for decorating projects since these do not add value to real estate. But we understand that sometimes, Life gets in the way.)
- Create A project savings plan of _____ per month
- Liquidate funds from _____ to use for this project or use funds expected from _____ for the project
